Huntington Ingalls Industries Supplier Diversity / SBLO Socio-Economic Business Program

AMSEC is a subsidiary of Huntington Ingalls Industries. With over 2,000 employees in 33 locations nationwide and overseas, AMSEC is a full service supplier to the Navy and commercial maritime industry. The company provides naval architecture and marine engineering, naval ship systems assessments, maintenance engineering, waterfront maintenance support, acquisition program support, shipyard industrial engineering and C4I installation and support services. Additionally, it provides life cycle integrated logistics services including technical manual development, provisioning documentation, spare parts management, training development and delivery, and software development. For more information, please visit www.amsec.com.

Continental Maritime of San Diego (CMSD) is a subsidiary of Huntington Ingalls Industries and a certified Master Ship Repair Contractor (MSRC) for the U.S. Navy. Our skilled professionals have performed hundreds of ship repairs for the Navy and Military Sealift Command. CMSD does repair on all types of major surface vessels including CVN, CG, DDG, and FFG, and all types of amphibious ships including LHD, LHA, LSD, LPD, and auxiliary ships. Our work also includes repairs and alterations to a wide range of Combatant, Hull, Mechanical and Electrical, and Habitability Systems. For more information, please visit www.continentalmaritime.com.

Ingalls Shipbuilding is a division of Huntington Ingalls Incorporated, which is a subsidiary of Huntington Ingalls Industries. Ingalls Shipbuilding has pioneered the development and production of technologically advanced, highly capable warships for the surface Navy fleet, U.S. Coast Guard, U.S. Marine Corps, and foreign and commercial customers. For more information, please visit <http://ingalls.huntingtoningalls.com/>.

Newport News Shipbuilding (NNS) is a division of Huntington Ingalls Incorporated, which is a subsidiary of Huntington Ingalls Industries. For 128 years, Newport News Shipbuilding (NNS) has carried on the legacy of American shipbuilding, building some of the most famous ships in American naval history with a diverse workforce of craftsmen and engineers. We proudly build U.S. Navy aircraft carriers and submarines, and provide after market services for both. For more information, please visit <http://nns.huntingtoningalls.com/>

Stoller Newport News Nuclear (SN3), a subsidiary of Huntington Ingalls Industries (HII), is a full-service nuclear operations and environmental services company that was formed in January 2015, combining the expertise of HII's S.M. Stoller Corp. and Newport News Nuclear subsidiaries. Stoller was founded in 1959 to provide leading-edge technical consulting and engineering services, and was acquired by HII in January 2014. The company provides technical, environmental, ecological, waste management, remediation, and excellence in nuclear operations and program management to the U.S. government and private sector companies. For more information, please visit <http://sn3.huntingtoningalls.com/>.

Newport News Energy (NNE) Company is a subsidiary of Huntington Ingalls Industries (HII) was formed in 2008 and provides the commercial energy and shipbuilding industries with the expertise in engineering services, operational support and Program Management that HII's Newport News Shipbuilding has delivered to the U.S. Navy for over 125 years by utilizing the experience and expertise of our highly skilled work force. For more information, please visit <http://nne.huntingtoningalls.com/>
